DETAILED ACTION

This Office action is responsive to the amendment filed on 3/12/07.

1. Claims 231-237, 244-246, 256-277, 279 and 320 are allowed and renumbered as 1-34, respectively.

2. The following is an examiner's statement of reasons for allowance: regarding independent claims 1, 9 and 18, the primary reason for the allowance of the claims is based on the arguments presented by the applicant at pages 8-10 of the Remarks of the amendment filed on 9/01/05.

Claims 231-237, 244-246, 256-277, 279 and 320 are allowable since the prior art made of record and considered pertinent to the applicant's disclosure, taken individually or in combination, fails to teach or fairly suggest, a detail and the structural interrelationship among the passive device on the die, the first and second polymer layers, and the conductive opening formed through the first polymer layer, as being claimed in independent claim 231, and these features could not easily be conceived of even by a person skilled in the art in the light of the features disclosed in the cited prior arts.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
